There is something magical about this time of year. Drawing inspiration from nature's changing color palette & cozy nights at home, this season is all about shared moments with the ones you love.

It is our hope that our collections will add an extra spark of JOY and BEAUTY to your home this season.

As we continue to celebrate our 20th anniversary with you this fall and holiday season, we are so excited to introduce four new collections and three line extensions. When designing our collections, we always make sure the vessel can be repurposed into something lovely after the soy wax runs out and so we've added some tips throughout the catalog for all our favorite uses. Make note!

As always, THANK YOU for your continued support over the years. We look forward to many more years of creating, inspiring, & brightening homes together!

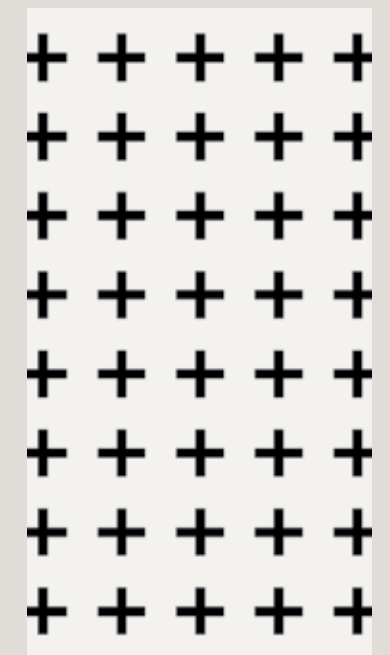

**Cheers!**
